Undergraduate Chapter at UW-Milwaukee  
Changing & Molding Our Environment.

Friday, August 11, 2006

Dear Community Leaders:

On February 15<sup>th</sup>-18<sup>th</sup>, 2007 Cream City Medical Society Undergraduate Chapter (CCMS-UG) will be hosting our First Annual Pre-Med Revival Conference and this year's theme is "*The Heart of a Physician*". This event will take place at the University of Wisconsin-Milwaukee Student Union facilities. The purpose of this conference is to assist students with their career aspirations of becoming future minority physicians. The conference is designed to meet the students' academic needs, at the same time giving the students a clearer understanding of the spiritual relationship and responsibility that goes along with the vocation of becoming future doctors.

Therefore, we understand we can not doing anything alone, and we are seeking for local businesses and organizations to partner with us as we help mold and shape future employers. Many students go into medicine for the money, and the prestige that may go along with becoming a doctor. We want to help students understand that becoming a doctor is learning how to be a servant of the community. Through your sponsorship of \$250, \$500, \$1000 or more we will be able to cover all conference expenses. Now as an official conference sponsor you and your business or organization will have the opportunity to promote within our conference program booklet, along with attending our Evening Networking Events, Healthcare Career & Colleges Fairs hosted on the 15<sup>th</sup>-17<sup>th</sup> of February.

Enclose within this letter is a sponsorship form, and please fill out the form and return it along with your sponsorship donation.

Sincerely,

*Alicia Marie Armstrong*
